

The olive tree is a symbol of euphoria, purification, victory and honor. The olive branch has been used for millennia to honor victory, wisdom and peace. An olive branch was brought to Noah on the ark by a dove, heralding the end of the great flood.

Soothing, creamy, gentle, all-natural Master Crafted Olive Oil Soap.

A wonderful gift; a well-deserved self-indulgence. For hair, body, bath, shaving, shower or gym. **Pamper yourself** with the elevated, earthy scent of fine Imported Olive Oil Soap.

Soothing natural comfort. Relieves burning itch & pain:

- Acne
- Boils
- Psoriasis
- Eczema
- Chapped skin
- Rough dry skin
- Rashes
- Poison Ivy
- Poison Oak
- Hives
- Sunburn
- Allergies
- Chemical Sensitivity

Unlike factory-made soaps, this authentic, artisan-made product **contains just three natural ingredients:** Olive Oil, Bay Laurel Oil and hydroxide (an alkaline group made of hydrogen and oxygen).

The most expensive oil on your grocers shelf is olive oil. This recipe uses so much high-quality, food-grade olive it actually floats, without being whipped with air!

Made for generations by the same family; an ancient recipe; traditional process. A luxurious soap, made with food-grade olive oil is a true pleasure and a delight to use, share or give.

Finest quality Vegan product! No animal fats, artificial colors, chemicals or scents. Everyone who tries it loves it! You will too! These big half pound bars sell between \$8-\$12 in select bath and body boutiques.

Far superior to animal fat or glycerin based soaps; to factory made soaps; even to other olive oil soaps! Excellent for all skin types. Leaves skin soft and supple. Stays firm; will not turn to mush in your soap dish like glycerine based soaps. Long-lasting, rich-sudsing, free-rinsing.

Nourish your skin naturally. You will be delighted with the richness of this wonderful soap.

The scent is so comforting that you may find yourself picking up a bar throughout the day to enjoy the calming aroma therapy. Sure to become your favorite. Naturally hand-made, aged and imported from Syria.

Twice as big as regular bar soap! Most regular bar soap weighs 3to 4 oz. Our big Olive Oil Soap bars weigh about a **half pound each!** Since they are hand-made and not machine cut, the precise weight varies slightly (plus or minus a half-ounce per bar.)

NOTE: In all fairness to you, if you love the high-powered scent of commercial deodorant soaps you may not like the delicate earthy scent of this all-natural soap.

Order now and receive a big 5" all-natural, full round Loofah Body Brush, as shown, absolutely free with your order! Loofah is nature's dry skin smoother. Naturally exfoliates. Soft enough to clean, yet just a touch rough enough to slough away flaky skin. Supplies are limited! We will substitute an extra bar of Olive Oil Soap if Loofahs are gone. **Order today!**

"The olive tree is surely the richest gift of Heaven".
